**Description** 

All messages will need constraint schema, even if the message is a single root element to be serialized.

## History

# #1 - 2010-11-29 18:40 - Dave Vieglais

The description of this ticket is a bit vague. Please expand on the definition of a "constraint schema".

## #2 - 2010-12-17 18:57 - Robert Waltz

- Status changed from New to Rejected

Since all schema have been merged into one schema file, we no longer need to consider this task.
