Infrastructure - Bug #1222

d1_libclient_java cleanup - small errors

2011-01-12 23:17 - Rob Nahf

Status:	Closed	**Start date:**	2011-01-13
Priority:	Normal	**Due date:**	
Assignee:	Rob Nahf	**% Done:**	100%
Category:	d1_libclient_java	**Estimated time:**	0.00 hour
Target version:	Sprint-2011.02		
Milestone:		**Story Points:**	
Product Version:	*		

Description

miscellaneous bugs found during testing listObject methods:

1. D1Node.sendRequest not checking for empty-string parameter String (nor all-whitespace)
2. D1Node.deserializeAndThrowException(errorStream) assumes that errorStream contains an xml response, when it could be html (the CN Home page for example)
3. same method on error doesn't recover and print out stream contents - making debugging difficult.
4. D1.sendRequest() incorrectly replaces all whitespace characters with %20 only when a space character is present: if (restURL.indexOf(" ") != -1) restURL = restURL.replaceAll("\s", "%20");

Subtasks:

Task # 1229: refactor D1Node.sendRequest for consistent returns on errors	**Closed**
