- Category set to d1_libclient_java
- Status changed from New to Closed
- % Done changed from 0 to 100

Moved body of MN.listObjects() to D1Node.listObjects, changing the primitive parameters (boolean, int) to the Object versions of the same, in order to allow those values to be null. null values for parameters leaves them off the parameter list. The MN.listObjects remains with original signature, in order to satisfy the Crud interface requirements. Integration tests pass.
