

Infrastructure - Bug #1244

GMN default serialization should be XML

2011-01-20 03:35 - Robert Waltz

Status:	Closed	Start date:	2011-01-20
Priority:	Normal	Due date:	
Assignee:	Roger Dahl	% Done:	100%
Category:	d1_mn_GMN	Estimated time:	0.00 hour
Target version:	Sprint-2011.04	Story Points:	
Milestone:	CCI-0.5		
Product Version:	*		

Description

If I issue this request: GET -U -e "<http://gmn-dev.dyndns.org/mn/meta/hdl%253A10255%252Fdryad.1308%252Fmets.xml>"

without any headers, excepting User-Agent:

GET <http://gmn-dev.dyndns.org/mn/meta/hdl%253A10255%252Fdryad.1308%252Fmets.xml>

User-Agent: lwp-request/5.834 libwww-perl/5.834

Then I receive the following response from GMN:

Date: Thu, 20 Jan 2011 03:35:07 GMT

Server: Apache/2.2.14 (Ubuntu)

Vary: Cookie,Accept-Encoding

Content-Type: text/html; charset=utf-8

Client-Date: Thu, 20 Jan 2011 03:33:07 GMT

Client-Peer: 129.24.0.15:80

Client-Response-Num: 1

Client-Transfer-Encoding: chunked

```
{"errorCode": 404, "detailCode": "1060.base.py(92)/auth.py(75)/views.py(550)/views.py(576)/Type: /Value: 404 [NotFound:0]
Non-existing System Metadata object was requested\n pid: 'hdl%253A10255%252Fdryad.1308%252Fmets.xml'", "traceInformation":
{"pid": "hdl%253A10255%252Fdryad.1308%252Fmets.xml"}, "name": "NotFound", "description": "Non-existing System Metadata
object was requested"}
```

History

#1 - 2011-01-27 16:56 - Roger Dahl

- Target version set to Sprint-2011.04

#2 - 2011-01-27 16:58 - Roger Dahl

- Status changed from New to Closed
