Description
While attempting to replicate cn-ucsb-1 and cn-orc-1 I receive this error in log files of both machines. knb 20110208-05:32:57: [ERROR]: Error while getting system metadata info for localid autogen.201138201029942 : ERROR: column "authoritative_member_node" does not exist [edu.ucsb.nceas.metacat.EventLog] I'm also seeing this error: knb 20110208-05:34:38: [ERROR]: ReplicationHandler.handleSingleXMLDocument - 35 Failed to write xml doc autogen.20113820104411.1 into xml_documents from cn-ucsb-1.dataone.org/knb/servlet/replication because The entity name must immediately follow the '&' in the entity reference.
