Description				

History

#1 - 2011-02-09 23:03 - Matthew Jones

- Status changed from New to In Progress

#2 - 2011-02-21 05:35 - Matthew Jones

- Category set to d1_client_r

- Status changed from In Progress to Closed

- % Done changed from 0 to 100

R client now uses the D1Object class from Java to get objects, and so uses the CN resolution mechanism to find those objects. Will need to be adapted as the package design evolves.
