Description

History

#1 - 2011-02-16 12:14 - Matthew Jones

- Status changed from New to In Progress

#2 - 2011-02-16 12:18 - Matthew Jones

The basic conversion from data.frame -> CSV -> byte[] is working. However, the data.frame -> CSV -> vector conversion loses the newlines in the file which need to be restored for this to work correctly.

#3 - 2011-02-16 20:38 - Matthew Jones

- Category set to d1_client_r

- Status changed from In Progress to Closed

Finished. Added D1Client::convert.csv method that takes a data.frame as input and produces a CSV character vector.

#4 - 2011-02-16 20:39 - Matthew Jones
