

Infrastructure - Bug #1366

cn-orc-1 offline

2011-02-16 15:51 - Dave Vieglais

Status:	Closed	Start date:	2011-02-16
Priority:	Urgent	Due date:	
Assignee:	Robert Waltz	% Done:	100%
Category:	d1_cn_service	Estimated time:	0.00 hour
Target version:	Sprint-2011.07	Story Points:	
Milestone:	CCI-0.5		
Product Version:	*		

Description

cn-orc-1 was running OK last night, but apparently died shortly after midnight.

Connecting to the root CN service (<http://cn-orc-1.dataone.org/cn/>) gives a 500 error:

type Exception report

message

description The server encountered an internal error () that prevented it from fulfilling this request.

exception

History

#1 - 2011-02-16 16:23 - Dave Vieglais

- Status changed from New to In Progress
- Priority changed from Immediate to Urgent

I went in and restarted tomcat:

```
/etc/init.d/tomcat6 stop
```

```
/etc/init.d/tomcat6 start
```

and the service appears to be back up. Verifying that all is working again. It is not clear why the service stopped working though.

#2 - 2011-02-18 17:47 - Robert Waltz

- Status changed from In Progress to Closed
- Milestone set to CCI-0.5

I think this was due to user tomcat6 running out of the ability to open files. Max Open Files was set to 1024 for tomcat6. I reset that number to 9000+ upon starting the tomcat6 service. edited /etc/init.d/tomcat6
