#### History

##### #1 - 2011-05-10 18:30 - Ben Leinfelder

- Assignee changed from Matthew Jones to Ben Leinfelder
- Status changed from New to In Progress

What is the policy for allowing updates?

- Can the person update their own details?
- Can an administrator?
- If the person updates their information, does it need to be [re]verified by an administrator?

##### #2 - 2011-05-10 19:03 - Ben Leinfelder

- % Done changed from 0 to 50

The method is in the docs now, but I'm not sure about a couple things:

- what the REST path should be
- if there are any other fields that should remain un-editable (I've stated that the Persons Principal cannot be edited).
