

Infrastructure - Task #1626

Feature # 1577 (Closed): use tables for storing System Metadata in Metacat
Task # 1584 (Closed): create mechanism for replicating all system metadata without documents

add replicate_systemmetadata column to xml_replication table

2011-06-07 20:52 - Ben Leinfelder

Status:	Closed	Start date:	2011-06-07
Priority:	Normal	Due date:	
Assignee:		% Done:	100%
Category:		Estimated time:	0.00 hour
Target version:	Sprint-2011.23-Block.3	Story Points:	
Milestone:			
Product Version:	*		
Description			
This will allow us to configure our replication policy to include system-metadata (decouples from xml)
