

Infrastructure - Task #1689

Story # 975 (Closed): Refactor to support synchronization across multiple MNs

Modify CN to allow for RMI on create/get/getsysmeta/update

2011-07-20 19:36 - Robert Waltz

Status:	Rejected	Start date:	2011-07-20
Priority:	Normal	Due date:	
Assignee:	Robert Waltz	% Done:	0%
Category:	d1_synchronization	Estimated time:	0.00 hour
Target version:	Sprint-2011.37-Block.5	Story Points:	
Milestone:	CCI-0.6.4		
Product Version:	*		

Description

This will require JibX to use serializing class decorator.

Determined to be unfeasible at this time. If RMI is to be used, then Metacat will need to implment RMI service. Current design relies on Spring for service. Metacat does not rely on Spring and a different direction will need to be taken in order to proceed.

History

#1 - 2011-08-16 17:22 - Robert Waltz

- Status changed from New to Rejected

- Milestone changed from CCI-0.6.2 to CCI-0.6.4
