Description			
<p>getOperationStatistics duplicates information that can be obtained from the MN log records. This method is being deprecated until there is a compelling need for it.</p> <p>getStatus was a place holder for something more informational than ping(), however getObjectStatistics, ping, and getLogRecords all provide sufficient information for general status monitoring.</p> <p>There are several tasks associated with deprecating methods, this story provides a grouping of those tasks.</p>			
Subtasks:			
Task # 1758: Remove status types and elements from schema			Closed
Task # 1747: Remove getStatus and getOperationStatistics from docs			Closed
Task # 1748: Remove getStatus and getOperationStatistics from interfaces in java common...			Closed
Task # 1749: Remove getStatus and getOperationStatistics from python common, client, GMN			Closed
