Description

a call to

<https://gmn-dev.test.dataone.org/mn/log?fromDate=2010-08-26T23:46:48.088+00:00>

returns a dataone log object, but a call to

<https://gmn-dev.test.dataone.org/mn/log?fromDate=2010-08-26T23:46:48.088%2B00:00>

returns an error.

it should decode the %2B to a plus (making a valid date/time string)
