

Infrastructure - Task #1774

Story # 1388 (Closed): implement MN-MN replication manager in CN stack

Move isReplicationAuthorized() to isNodeAuthorized() to the CNReplication API

2011-09-07 20:25 - Chris Jones

Status:	Closed	Start date:	2011-09-07
Priority:	Normal	Due date:	
Assignee:	Nicholas Dexter	% Done:	100%
Category:		Estimated time:	0.00 hour
Target version:	Sprint-2011.41-Block.5	Story Points:	
Milestone:	CCI-0.6.4		
Product Version:	*		
Description			
After discussing the semantics of the is[Blank]Authorized method, we decided a more generic method name is appropriate. Change the API in d1_common_java and update the documentation in MethodCrossReference.xls.
