

Infrastructure - Task #1838

Story # 1836 (Closed): Enable CN Replication REST web service handling

Add CNreplication filter properties to CN Rest Service

2011-10-10 20:44 - Chris Jones

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:	Chris Jones	% Done:	100%
Category:	d1_cn_service	Estimated time:	0.00 hour
Target version:	Sprint-2011.41-Block.5	Story Points:	
Milestone:	CCI-0.6.4		
Product Version:	*		
Description			
Add cn replication filter properties to the beta, development, staging, and production filter properties files in d1_cn_rest. These properties will be used in the Spring configuration file for the CNReplication servlet.			

History

- #1 - 2011-10-10 20:47 - Chris Jones
- Parent task changed from #1837 to #1836
- #2 - 2011-10-11 01:32 - Chris Jones
- Status changed from New to Closed

Filter paths are in place for the four CNReplication endpoint paths and in all four deployments.
