

Infrastructure - Task #1842

Story # 1836 (Closed): Enable CN Replication REST web service handling

Create a CNReplicationController for proxying replication requests

2011-10-10 20:57 - Chris Jones

Status:	Closed	Start date:	2011-10-10
Priority:	Normal	Due date:	
Assignee:	Chris Jones	% Done:	100%
Category:	d1_cn_service	Estimated time:	0.00 hour
Target version:	Sprint-2011.41-Block.5	Story Points:	
Milestone:	CCI-0.6.4		
Product Version:	*		
Description			
Create a CNReplicationControlller that fields replication-specific requests from the CN Rest Service web application and forwards the requests to the implementing proxy service, in this case Metacat.			

History

#1 - 2011-10-10 21:29 - Chris Jones
- Parent task changed from #1841 to #1836

#2 - 2011-10-11 05:21 - Chris Jones
- Status changed from New to Closed

Created the controller in the same fashion as the CNReadController. Needs testing.
