Applied for repository at Sonatype. Ticket request is here:

https://issues.sonatype.org/browse/OSSRH-2380

Pending resolution from Sonatype.

#3 - 2011-10-25 06:02 - Matthew Jones

Sonatype approved access with the following email. We can now publish maven artifacts there.

Juven Xu resolved OSSRH-2380.

Resolution: Fixed

Configuration has been prepared, now you can:
* Deploy snapshot artifacts into repository https://oss.sonatype.org/content/repositories/snapshots
* Deploy release artifacts into the staging repository https://oss.sonatype.org/service/local/staging/deploy/maven2
* Promote staged artifacts into repository 'Releases'
* Download snapshot and release artifacts from group https://oss.sonatype.org/content/groups/public
* Download snapshot, release and staged artifacts from staging group https://oss.sonatype.org/content/groups/staging

please comment on this ticket when you promoted your first release, thanks
