Description with 'formatid'			

History

#1 - 2011-10-25 20:38 - Rob Nahf

- Category set to Documentation
- Status changed from New to Closed
- Assignee set to Rob Nahf

updated documentation (method cross ref, examples, text)

#2 - 2011-10-26 18:01 - Rob Nahf

- Status changed from Closed to In Progress

need to change it from 'formatid' to 'formatID' - in keeping with schema naming convention.

(note however, that documentation has 'userid' as well as 'nodeid' so not as clear in the labels. (these latter two refer to Types.Subject and Types.NodeReference respectively, so don't have the same implications in the schema)

#3 - 2011-10-26 22:37 - Rob Nahf

- Status changed from In Progress to Closed

fixed documentation 'formatid' --> 'formatId'
