| <b>Milestone:</b>   | CCI-1.0.0           |                        |            |
| <b>Product Version:</b>   | *                   |                        |            |
| <b>Description</b>  |                     |                        |            |
| fromDate is "greater than" and toDate is "less than or equal". I think it would be more logical to have fromDate be "greater than or equal" and toDate to be "less than". |                     |                        |            |

History

#1 - 2011-11-03 20:00 - Dave Vieglaiss

- Status changed from New to Closed

Changed to be >= fromDate and <= toDate.

This makes it easy to support a common use case of "return log records for 2011-04-01 through 2011-04-30"

#2 - 2014-10-02 17:21 - Dave Vieglaiss

- Target version set to Maintenance Backlog
