

Infrastructure - Task #1910

Story # 1906 (Closed): Review, revise, and update architecture documentation

MNCore.getLogRecords() - NotAuthorized exception may not be needed

2011-10-26 15:58 - Roger Dahl

Status:	Rejected	Start date:	2011-10-26
Priority:	Normal	Due date:	
Assignee:	Dave Vieglais	% Done:	0%
Category:	Documentation	Estimated time:	0.00 hour
Target version:	Maintenance Backlog	Story Points:	
Milestone:	CCI-1.0.0		
Product Version:	*		

Description

NotAuthorized is listed as a possible exception raised by getLogRecords() but anyone can call getLogRecords() (though they may receive an empty Log).

History

#1 - 2011-11-03 20:04 - Dave Vieglais

- Status changed from New to Rejected

NotAuthorized is retained as some Member Nodes may prefer to not allow general access to the operation, and instead restrict to a small set of uses such as the CN subjects. In this case returning a blank set of results is not an accurate representation of the operation results.

#2 - 2014-10-02 17:21 - Dave Vieglais

- Target version set to Maintenance Backlog
