

Infrastructure - Task #2070

Story # 2067 (Closed): Refactor the index task generator and processor to improve scalability and performance

Implement the refactored index task generator

2011-11-29 14:05 - Dave Vieglaiss

Status:	Closed	Start date:	2011-11-29
Priority:	Normal	Due date:	
Assignee:	Skye Roseboom	% Done:	100%
Category:	d1_indexer	Estimated time:	0.00 hour
Target version:	Sprint-2012.05-Block.1.3	Story Points:	
Milestone:	CCI-1.0.0		
Product Version:	*		
Description The task generator and task processor will be re-using code, so some consideration of the location for the common code should be made. Perhaps add the task queue code to d1_cn_common?

- Status changed from In Progress to Closed

created d1_cn_index_generator project to fulfill this requirement. generator project is dependent on d1__cn_index_common.

IndexTaskGenerator is the implementation class of the index task generator.

It will be wired into a hazelcast listener as a daemon process in Task [#2072](#)
