#### Description

Per 1/28/10 developer conference call ([https://repository.dataone.org/documents/Committees/CCIT/20100128\\_CCIT\\_VTC.txt](https://repository.dataone.org/documents/Committees/CCIT/20100128_CCIT_VTC.txt)), we need to ensure that builds can be done from the command line, so that automated builds can occur. Document the process for doing this for the CN software under development.
