

Infrastructure - Story #2345

Filter Log records by authorized user subject

2012-02-15 18:06 - Robert Waltz

Status:	Closed	Start date:	2012-02-17
Priority:	Normal	Due date:	
Assignee:	Robert Waltz	% Done:	100%
Category:	d1_log_aggregation	Estimated time:	0.00 hour
Target version:	Sprint-2012.11-Block.2.2		
Story Points:			
Description All public records are always returned, but for an authorized user also return records that are allowed via systemMetadata's accessPolicy for the user. If a log record refers to a PID that has a restricted accessPolicy(is not public), only return to authorized users who have permission to read that object.			
Subtasks: Task # 2348: Analyze solr and design an approach that will work for logging and search Closed Task # 2462: adding in listener to SystemMetadata for changing access rules Closed Task # 2480: Pseudo Subject 'authenticatedUser' needs representation in logic Closed Task # 2482: Pseudo Subject 'verifiedUser' needs representation in logic Closed			

History
