getting a ServiceFailure when trying to look at the node document on gmn instance:

<https://mn-stage-orc-1.dataone.org/mn/v1/node>

Traceback (most recent call last):

```
File "/var/local/dataone/mn_generic/service/./service/mn/middleware/view_handler.py", line 91, in process_view
response = view_func(request, *view_args, **view_kwargs)
File "/var/local/dataone/mn_generic/service/./mn/restrict_to_verb.py", line 36, in wrap
return f(request, *args, **kwargs)
File "/var/local/dataone/mn_generic/service/./service/mn/views/v1.py", line 185, in node
file = open(NODE_REGISTRY_XML_PATH, 'rb')
NameError: global name 'NODE_REGISTRY_XML_PATH' is not defined
```

```
view_handler.py(91)
restrict_to_verb.py(36)
v1.py(185)
Type:
Value: global name 'NODE_REGISTRY_XML_PATH' is not defined
```
