|--|---------------------|------------------------|------------|
| Status: | In Progress | Start date: | 2012-03-26 |
| Priority: | Normal | Due date: | 2014-10-02 |
| Assignee: | Dave Vieglais | % Done: | 30% |
| Category: | Documentation | Estimated time: | 0.00 hour |
| Target version: | Maintenance Backlog | Story Points: | |
| Milestone: | CCI-1.0.0 | | |
| Product Version: | | | |
| Description | | | |
| Support Member Nodes that may choose to have an organizational association with an identifier service. This signature will mirror the CNCore.GenerateIdentifier method and will go in the MNStorage API | | | |
| Make sure API and client implementations updated, but not necessary for service implementations. | | | |
| Subtasks: | | | |
| Task # 2541: update the d1_common_java interfaces | | | Closed |
| Task # 2542: update the libclient_java | | | Closed |
| Task # 2543: update the d1_common_python interface | | | Closed |
| Task # 2544: update the libclient python implementation | | | Closed |
| Task # 2545: create d1_integration tests using for MN.generateIdentifier | | | New |
