Infrastructure - Bug #2598

Metacat response time to getLogRecords extremely slow when connecting through a browser

2012-04-12 14:37 - Dave Vieglais

Status:	Rejected		**Start date:**	2012-04-12
Priority:	Normal		**Due date:**	
Assignee:	Ben Leinfelder		**% Done:**	0%
Category:	Metacat		**Estimated time:**	0.00 hour
Target version:				
Milestone:	CCI-1.0.0		**Story Points:**	
Product Version:	*			

Description

Possibly due to a connection not being closed on the server side? Perhaps a mismatch in the content size reported in the header?

Works fine with curl, Chrome waits for the connection to timeout before returning the response. Untested in other browsers.

e.g. https://demo1.test.dataone.org/knb/d1/mn/v1/log?start=0&count=1

History

#1 - 2012-04-12 15:15 - Dave Vieglais

- Status changed from New to Rejected

Appears to be an issue with a specific machine. Testing from other clients on other machines shows normal response times of < 1sec.
