<b>Story Points:</b>			
<b>Description</b>			
As a user of the Dataone CN service, I want to execute the CN search method such that I receive results in a standard <a href="#">DataONE</a> format			
<ul style="list-style-type: none"><li>• proxy results through Mercury ** 8 mandatory **</li><li>• validate the query string</li><li>• modify the request query string to be sent to Mercury</li><li>• Run Integration Testing package</li><li>• Create Unit Tests for Mercury Rest Controller</li></ul>
