

Infrastructure - Task #2837

Story # 2835 (Closed): Resource Map URIs should use resolve() rather than get() constructs

Update KNB / Metcat resource map generation to use resolve rather than get URIs

2012-05-31 19:47 - Dave Vieglaiss

Status:	Closed	Start date:	2012-05-31
Priority:	High	Due date:	
Assignee:	Ben Leinfelder	% Done:	100%
Category:	Metacat	Estimated time:	0.00 hour
Target version:	Sprint-2012.21-Block.3.3	Story Points:	
Milestone:	CCI-1.0.0		
Product Version:	*		
Description The representation of URIs in resource maps was incorrect in the docs, and should refer to resolve URIs instead of GetObject URIs. for example: https://cn.dataone.org/cn/v1/resolve/scidata_id instead of https://cn.dataone.org/cn/v1/object/scidata_id			

History

- Status changed from New to Closed

This was actually in d1_libclient_java, not Metacat. Updated to use the "resolve" uri
