

Infrastructure - Bug #2855

Limit Metacat's MN.getLogRecords to CN-only access

2012-06-05 01:48 - Ben Leinfelder

Status:	Closed	Start date:	2012-06-05
Priority:	Normal	Due date:

Category:		Estimated time:	0.00 hour
Target version:		Story Points:	
Milestone:	CCI-1.0.0		
Product Version:	*		
Description			
Currently Metacat allows log record reading by anyone and releases only records for PIDs that the caller has "read" access to. This is still quite liberal and allows pretty much anyone to glean usage statistics for objects in the system - for good and bad.			
This will have impacts on the MN integration tests that expect to be able to read log entries.
