Description

Comment out portions of code that grants access to public and authenticated users.

Access will be granted only to Administrators and those in the ServiceMethod description for getLogRecords

From CCI 10/20/2012 AHM

public user access: NO

Subjects that have access to CN.getLogRecords():

- authoritative MN associated principle (node client certificate subject)
- subjects that have changePermission permission on PID
- rights holder for PID
- system administrators and report generators
