Target version:	Sprint-2012.23-Block.3.4	Story Points:	
Milestone:	CCI-1.0.1		
Product Version:	*		

Description

for machines that are not the first machine installed, it does not appear that /var/lib/ldap has the following command applied: chown openldap.openldap

History

#1 - 2012-06-12 20:42 - Robert Waltz

- Milestone changed from CCI-1.0.0 to CCI-1.0.1

#2 - 2012-06-13 15:04 - Robert Waltz

- Status changed from New to In Progress

#3 - 2012-06-13 15:27 - Robert Waltz

The call was in postinst script. I moved its position to be directly before ldap is restarted.

I also changed the logic in the non-dataone ldap population. Those entries will be populated for each CN, while only the dataone specific entries will be populated for the first CN deployed.
