Infrastructure - Story #2935

Adjustments to SOLR Index generation for 1.0.2

2012-06-14 16:13 - Dave Vieglais

Status:	Rejected	**Start date:**	2012-06-14
Priority:	Normal	**Due date:**	
Assignee:	Skye Roseboom	**% Done:**	100%
Category:	d1_indexer	**Estimated time:**	0.00 hour
Target version:	Sprint-2012.25-Block.4.1		
Story Points:			

Description
This story captures tasks and bugs related to short term updates required for the SOLR index on the CNs

Subtasks:	
Task # 2936: Add obsoletedBy index field	**Rejected**
Task # 2937: Update documentation to include obsoletedBy index field	**Rejected**

History

#1 - 2012-06-21 19:53 - Dave Vieglais

- Status changed from New to Rejected

Not necessary since obsoleted content is not indexed.

There may be some circumstances where the obsoleted / obsoletedBy chain is broken - but that is really an issue for the Member Node or the client that made the adjustment. It *may* be worthwhile having review of the obsolescence chain as part of the functionality that should be included in a system wide content auditing process.
