Infrastructure - Task #2936

Story # 2935 (Rejected): Adjustments to SOLR Index generation for 1.0.2

Add obsoletedBy index field

2012-06-14 16:18 - Dave Vieglais

Status:	Rejected	**Start date:**	2012-06-14
Priority:	Normal	**Due date:**	
Assignee:	Skye Roseboom	**% Done:**	0%
Category:	d1_indexer	**Estimated time:**	0.00 hour
Target version:	Sprint-2012.25-Block.4.1		
Milestone:	CCI-1.0.2	**Story Points:**	
Product Version:	*		

Description

There is currently no mechanism to retrieve the latest revision of science metadata entries in a search. Adding the obsoletedBy field to the index will enable queries such as:

carbon and -obsoletedBy:[* TO *]

which would retrieve all records that have "carbon" in the general text and are not obsoletedBy any other entry.

The form of the field should be the same as the current obsoletes index field.

History

#1 - 2012-06-21 19:50 - Dave Vieglais

- Status changed from New to Rejected

Decided that this is not necessary as only content that is not obsoleted is indexed.
