Description			
<p>Giri could not register using his first full name 'Giriprakesh' on the production portal. However, when I updated my first name to 'Giriprakesh', the update was successful, and I could view it from /accounts</p> <p>One theory was possible unicode character in the input field, but:</p> <p>I could successfully update my first name to Robérto (shows as RobÃ©rto in the web display of /accounts)</p> <p>Have not otherwise been able to reproduce the problem.</p>
