Description

Ramapriyan, H. K. (Rama) (Rama.Ramapriyan@nasa.gov) sent a message using the contact form at <http://www.dataone.org/contact>.

I was trying to select an area using either a polygon or a rectangle. After creating one of these shapes, I wanted to move it on the map. However, there does not seem to be an option available to do that. Once the polygon is created it seems to be rigidly fixed on the map, and the whole map moves with the polygon.

History

#1 - 2012-06-26 16:02 - Dave Vieglais

- Milestone changed from CCI-1.0.0 to None

Removing milestone to indicate this feature is not yet scheduled.

#2 - 2014-10-02 17:58 - Skye Roseboom

- Status changed from New to Rejected

- Start date deleted (2012-06-26)

- translation missing: en.field_remaining_hours set to 0.0
