<b>Milestone:</b> None	
<b>Product Version:</b> *	

**Description**

To use the new DataONE commercial certs in our non-production environments, we need to change server names in DNS. The changes are:

cn-dev.dataone.org --> cn-dev-ucsb-1.test.dataone.org  
cn-dev-2.dataone.org --> cn-dev-unm-1.test.dataone.org  
cn-dev-3.dataone.org --> cn-dev-orc-1.test.dataone.org

cn-sandbox-ucsb-1.dataone.org --> cn-sandbox-ucsb-1.test.dataone.org  
cn-sandbox-unm-1.dataone.org --> cn-sandbox-unm-1.test.dataone.org  
cn-sandbox-orc-1.dataone.org --> cn-sandbox-orc-1.test.dataone.org

cn-stage-ucsb-1.dataone.org --> cn-stage-ucsb-1.test.dataone.org  
cn-stage-unm-1.dataone.org --> cn-stage-unm-1.test.dataone.org  
cn-stage-orc-1.dataone.org --> cn-stage-orc-1.test.dataone.org

If possible, this should be completed on July 18, 2012.

### History

#### #1 - 2012-07-18 19:00 - Nick Outin

Made the following changes, with input from #dataone

cn-dev-rr.dataone.org --> cn-dev.test.dataone.org  
cn-dev.dataone.org --> cn-dev-ucsb-1.test.dataone.org  
cn-dev-2.dataone.org --> cn-dev-unm-1.test.dataone.org  
cn-dev-3.dataone.org --> cn-dev-orc-1.test.dataone.org

cn-sandbox.dataone.org --> cn-sandbox.test.dataone.org  
cn-sandbox-ucsb-1.dataone.org --> cn-sandbox-ucsb-1.test.dataone.org  
cn-sandbox-unm-1.dataone.org --> cn-sandbox-unm-1.test.dataone.org  
cn-sandbox-orc-1.dataone.org --> cn-sandbox-orc-1.test.dataone.org

cn-stage.dataone.org --> cn-stage.test.dataone.org  
cn-stage-ucsb-1.dataone.org --> cn-stage-ucsb-1.test.dataone.org  
cn-stage-unm-1.dataone.org --> cn-stage-unm-1.test.dataone.org  
cn-stage-orc-1.dataone.org --> cn-stage-orc-1.test.dataone.org

- removed cn-dev-ucsb-1.dataone.org
- removed demo\* and d1usgs\* DNS entries

**#2 - 2012-07-18 19:05 - Nick Outin**

Two domains still need to be updated:

cn-dev.dataone.org - will be shut down and removed when people are done using it

cn-dev-unm-1.dataone.org - I'm not sure what this is, it's different than the cn-dev-2/cn-dev-unm-1.test server

**#3 - 2012-08-08 15:19 - Chris Jones**

- *Status changed from New to Closed*

The DEV CNs are complete. Status the two remaining that Nick mentioned:

1) cn-dev.dataone.org - has been replaced by a new VM at cn-dev-ucsb-1.test.dataone.org, and can be removed from DNS and reallocated

2) cn-dev-unm-1.dataone.org is now cn-dev-unm-1.test.dataone.org, and is a new VM. the former is no longer in DNS
