Category:	d1_indexer		**Estimated time:**	0.00 hour
Target version:	Sprint-2012.37-Block.5.3			
Story Points:				

Description

Expose the solr luke request handler so it is available to public users.   Needs to be poked through apache to be served to public.

May also need/want to look to change the default path to the luke request handler from 'CORENAME/admin/luke'.

This task likely replaced by or duplicates new search API listSearchFields.

History

#1 - 2012-07-30 20:17 - Skye Roseboom
