| <b>MN Tier:</b>  |              | <b>Version:</b>         |           |
| <b>Software stack:</b>   |              |                         |           |
| <b>Description</b>   |              |                         |           |
| The earth System Grid at ORNL is a candidate member node. This issue should be used to track progress to deployment. |              |                         |           |

#### History

##### #1 - 2012-09-07 01:35 - Dave Vieglais

- Status changed from New to Rejected

Initial discussions indicate that onward progress is unlikely at this time.

##### #2 - 2013-08-23 12:49 - Bruce Wilson

- Status changed from Rejected to Closed

- Start date deleted (2012-09-07)

- translation missing: en.field\_remaining\_hours set to 0.0

Reclassifying status as closed, rather than rejected.

##### #3 - 2013-08-23 13:16 - Bruce Wilson

- Subject changed from Deploy the ESG-ORNL member node to (dup of #3193) Deploy the ESG-ORNL member node

- Status changed from Closed to Dup-Closed

Reclassifying this closure as a duplicate, so we can distinguish between MNDeployments closed as duplicates of other tickets and ones where we've closed out plans to work on a prospective MN.
