

Infrastructure - Story #333

Provide cross references between implemented functionality and specifications

2010-03-12 04:47 - Dave Vieglais

Status: Closed	Start date:
Priority: High	Due date:
Assignee: Dave Vieglais	% Done: 100%
Category: Documentation	Estimated time: 0.00 hour
Target version:	
Story Points:	
Description As a member of the LT, I would like to be able to cross-reference overall project progress with the functionality described in the specification documents.	

History

#1 - 2010-04-21 15:27 - Redmine Admin

Updated status, related task in progress

#2 - 2010-04-22 16:40 - Matthew Jones

Not on the goal list for sprint 4, so moving to backlog.
