<b>Target version:</b>			
<b>Description</b> As indicated in the proposal, we need to deploy three coordinating nodes. One at UNM, one at NCEAS, one at ORC.  Rationale  This is a requirement of the cooperative agreement for the year one milestones ( <a href="#">#318</a> ) (prototype implementations of the CNs installed and synchronizing content between themselves). It is also a stated goal in the proposal.  Fit Criteria <ul style="list-style-type: none"><li>• Three coordinating node instances installed, one at UNM, one at NCEAS, one at ORC</li><li>• CNs synchronizing content</li><li>• CNs retrieving content (science metadata) from MNs</li><li>• Clients able to retrieve content from CNs</li><li>• Clients able to search CNs</li></ul>
