

## Infrastructure - Story #3417

### Orphaned MN content needs to be migrated to a new MN when possible

2012-12-12 16:31 - Chris Jones

<b>Status:</b> Closed	<b>Start date:</b> 2012-12-12
<b>Priority:</b> Normal	<b>Due date:</b> 2013-01-05
<b>Assignee:</b> Chris Jones	<b>% Done:</b> 100%
<b>Category:</b>	<b>Estimated time:</b> 0.00 hour
<b>Target version:</b> Sprint-2012.50-Block.6.4	
<b>Story Points:</b>	
<b>Description</b> As in the example of mnStageLTER, which is no longer hosted at tepui.lternet.edu, we need to be able to copy content from the CN (scimeta, resource maps) to a new MN that will become the authoritative MN. We need a tool for doing so, and then need to migrate the mnStage LTER content as a test. Migrating from MN to MN is also desirable, but, with replication enabled, should be addressed.	
<b>Subtasks:</b>	
Task # 3418: Create a content migration tool to copy content from the CN to an MN	<b>Closed</b>
Task # 3420: Migrate mnStageLTER content from the CN to a new MN	<b>Closed</b>
