

DataONE R Client - Task #3432

create documentation (.Rd files) for R Client

2012-12-17 20:54 - Rob Nahf

Status:	Closed	Start date:	2012-12-17
Priority:	Normal	Due date:	
Assignee:	Rob Nahf	% Done:	100%
Category:		Estimated time:	0.00 hour
Target version:	DataONE R Client 1.0.0	Story Points:	
Milestone:	None		
Description			
Karthik's proposal is to use oxygen, to allow inline documentation (literate programming)			

History

#1 - 2013-02-22 18:53 - Matthew Jones

- Project changed from Infrastructure to DataONE R Client
- Category deleted (d1_client_r)
- Status changed from New to Closed
- Target version changed from Sprint-2012.50-Block.6.4 to DataONE R Client 1.0.0
- translation missing: en.field_remaining_hours set to 0.0

ROxygen was tried, but ran into a number of problems supporting S4 packages, so we reverted to using plain .Rd files. All .Rd files were created, and now documentation just needs to be kept up to date as changes are made.
