Product Version:	*		

Description

All kinds of stuff to do here, see the epad; for details
http://epad.dataone.org/ProductionRolloutProcedure

In addition to rolling out. We will need to disable router and change firewall settings to segregate the hazelcast instances from one another. Contact Skye about Indexing after upgrade. I will need to delete any log aggregation indexes and reset the log agg date.

Subtasks:

Task # 3517: Modify dataone-cn-index prerm PRIOR to updgrade	**Closed**
