

Infrastructure - Story #3476

ONEDrive needs to be performant and easy to install

2013-01-11 17:01 - Chris Jones

Status:	Closed	Start date:	2013-01-11
Priority:	Normal	Due date:	2013-01-19
Assignee:	Roger Dahl	% Done:	100%
Category:	d1_client_ONEDrive	Estimated time:	0.00 hour
Target version:	2013.2-Block.1.1		
Story Points:			
Description <p>Performance in critical for the functionality of ONEDrive as well as the Coordinating Nodes. Given > 1K ONEDrive clients hitting the Solr index, the CN will suffer in performance if queries aren't optimized and cached. Likewise, for ONEDrive to be easily adopted, the installation must be as turnkey as possible, which means we need to be as close to a "one-click" install as possible, keeping the platform differences into mind. Subtasks are below.</p>			
Subtasks:			
Task # 3478: Improve ONEDrive performance by minimizing queries sent to the server			Closed
Task # 3479: Improve ONEDrive usability by installing via a Python egg			Closed

History

#1 - 2013-01-11 17:03 - Chris Jones

- Tracker changed from Task to Story
- Due date set to 2013-01-19
- translation missing: en.field_remaining_hours set to 0.0

#2 - 2014-01-17 16:56 - Roger Dahl

- Status changed from New to Closed
