

Infrastructure - Story #351

Implement getLogRecords() method for Metacat

2010-03-15 23:15 - Dave Vieglaiss

Status:	Closed	Start date:	
Priority:	Low	Due date:	
Assignee:	Chad Berkley	% Done:	100%
Category:	Metacat	Estimated time:	0.00 hour
Target version:	CCI-0.4		
Story Points:			
Description As the KNB node manager, I want the DataONE getLogRecords() method to be implemented for Metacat in order to participate in DataONE Mandatory, (3) - extend current Metacat logging tables to record additional fields req'd for DataONE - extend existing metacat logging calls to records proper information - modify metacat getlog() method to return DataONE log format - expose REST service to call getlog() - depends on completion of Logging Specification story - write unit test for getLogRecords() REST service			

History

#1 - 2010-03-18 11:13 - Matthew Jones

- Status changed from New to In Progress

#2 - 2010-06-15 22:44 - Chad Berkley

- Status changed from In Progress to Closed

getLogRecords is now fully implemented. There is a crud unit test in [CrudServiceTest](#) and a REST unit test in D1ClientTest.
