

Infrastructure - Task #3566

Story # 3561 (Closed): OneMercury UI Review Updates

Improve speed of search result display

2013-02-11 16:53 - Skye Roseboom

Status:	Closed	Start date:	2013-02-11
Priority:	Normal	Due date:	
Assignee:	Skye Roseboom	% Done:	100%
Category:	d1_mercury	Estimated time:	0.00 hour
Target version:	2013.14-Block.2.3	Story Points:	
Milestone:	CCI-1.1.2		
Product Version:	*		
Description			
Investigate speeding up time for search results to render by reducing the additional number of queries needed to construct the data panel display information.

Appears the overhead of opening ssl connections to build the data panel display is adding 10-12 seconds to the search result response time.

Working on creating an ajax solution to lazily load the data panel information on request by user to view the download panel.

#3 - 2013-02-28 14:58 - Dave Vieglaiss

Is this an opportunity to use persistent connections - so that a single or small set of SSL connections are re-used?

#4 - 2013-03-01 18:46 - Skye Roseboom

- Target version set to 2013.10-Block.2.1

#5 - 2013-03-04 15:15 - Skye Roseboom

- Milestone changed from CCI-1.1.1 to CCI-1.1.2

#6 - 2013-03-05 19:39 - Skye Roseboom

- Status changed from In Progress to Testing

#7 - 2013-04-02 16:10 - Skye Roseboom

- Target version deleted (2013.10-Block.2.1)

#8 - 2013-04-02 16:12 - Skye Roseboom

- Target version set to 2013.14-Block.2.3

#9 - 2013-05-13 23:38 - Skye Roseboom

- translation missing: en.field_remaining_hours set to 0.0

- Status changed from Testing to Closed

deployed ajax backed download panel to speed up search results.
