Infrastructure - Story #3585

Rollout 1.1.1. to Production

2013-02-18 19:40 - Robert Waltz

Status:	Closed		**Start date:**	2013-02-18
Priority:	Normal		**Due date:**	2013-03-02
Assignee:	Robert Waltz		**% Done:**	100%
Category:	Support Operations		**Estimated time:**	0.00 hour
Target version:	2013.8-Block.1.4			
Story Points:				

Description

Minor release with upgrades to Mercury.

The changes include:

- One "SEARCH" button on the search page

- Removing the ranking stars on the results page

- Sorting by Relevance (default), Start Date, and Most Recent
  Enabling sort by title, author would require some internal changes that will take a fair bit of effort, the problem being lack of normalization of author names, and the way the indexer is processing title text.

- Layout of results is a bit more like a citation, with Author, Date, Title

- Forced upper case of the title line in search results is removed

- Identifier of the object is listed under the citation row

- The data package view (when clicking on Data Files button) shows content indented a little under the package

- The COINs tag generation for Zotero and Mendeley import is significantly improved, and now operates consistently across those products

Subtasks:

Task # 3586: Tag Components with 1.1.1	**Closed**
Task # 3587: Build 1.1.1 on Hudson	**Closed**
Task # 3588: Update d1_stable_build_control	**Closed**
Task # 3589: Make backups of mercury.war on each of the CNs incase of rollout failure	**Closed**
Task # 3590: Upgrade Production CNs	**Closed**
