

Infrastructure - Bug #3599

resource map formatId doesn't match what's in CN.listFormats

2013-02-20 08:39 - Rob Nahf

Status:	Closed	Start date:	
Priority:	High	Due date:

Target version:		Story Points:	
Milestone:	None		
Product Version:	*		

Description

listObjects shows a formatID of: <http://www.openarchives.org/ore/terms/>
but it should be without the trailing slash as per <https://cn.dataone.org/cn/v1/formats>

the type disables any filtering by formatId that might take place, like in listObjects.

for example: <https://datadryad.org/mn/v1/object?formatId=http://www.openarchives.org/ore/terms>
