

Infrastructure - Task #3668

Story # 3667 (Rejected): MN.update() should set archive field for the obsoleted object

change MN.update to reflect archive field of obsoleted to be set by update

2013-03-19 19:10 - Rob Nahf

Status:	Rejected	Start date:	2013-03-19
Priority:	Normal	Due date:	
Assignee:	Dave Vieglais	% Done:	0%
Category:	Documentation	Estimated time:	0.00 hour
Target version:		Story Points:	
Milestone:	None		
Product Version:	*		
Description			
Tier 3 MNs: The MN.update implementation should set archived to true for the obsoleted object.			
Tier 1 and 2 Member Nodes need this to be reflected in the systemMetadata of the obsoleted object.			
(users are not responsible for making the MN.archive call for updates)			
maybe a note that upon sync, the CN will send back (MNRead.synchronizationFailed() with InvalidSystemMetadata if the archived flag is not set).
