

Infrastructure - Task #3671

Story # 3667 (Rejected): MN.update() should set archive field for the obsoleted object

sync return InvalidSysMeta for obsoleted but not archived

2013-03-19 19:18 - Rob Nahf

Status:	Rejected	Start date:	2013-03-19
Priority:	Normal	Due date:	
Assignee:	Robert Waltz	% Done:	0%
Category:	d1_synchronization	Estimated time:	0.00 hour
Target version:		Story Points:	
Milestone:	None		
Product Version:	*		
Description			
<p>[12:20pm] skye: if we really want obsolete to be kept out of the index via update/archive, shouldn't the CN be enforcing the archive flag is set. otherwise its a MN policy decision?</p> <p>[12:21pm] rob_ joined the chat room.</p> <p>[12:21pm] chris: hmm. good point. seems like we need both</p> <p>[12:22pm] robert: another point in the conversation about control of sysMeta</p> <p>[12:22pm] skye: true</p> <p>[12:23pm] chris: this could be handled in d1_sync or in Metacat, and it could throw InvalidSystemMetadata if obsoletedBy is present but archived is not</p>
